

# The Bee Tiles

speaking words of wisdom

## Let it Bee !!

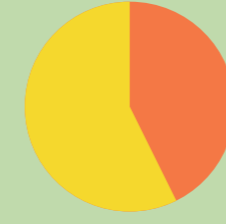

# THE BEES NEED OUR HELP!

ONE THIRD OF OUR FOOD COMES FROM POLLINATION OF INSECTS

THE BEE POPULATION HAS DECREASED WITH 75%

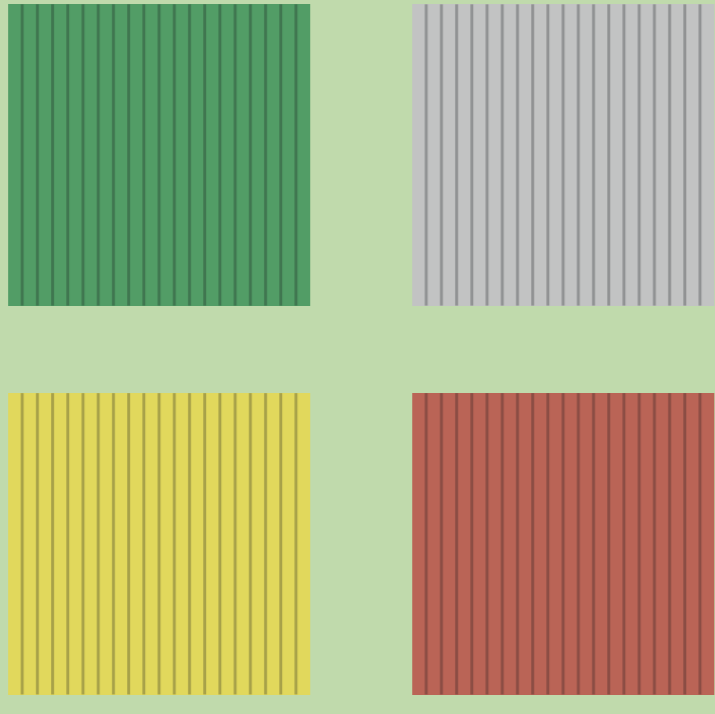

60% OF THE BEE SPECIES ARE UNDER THREAT

JOHN LENNON

## THEY NEED SOMEBODY, NOT JUST ANYBODY

GEORGE HARRISON

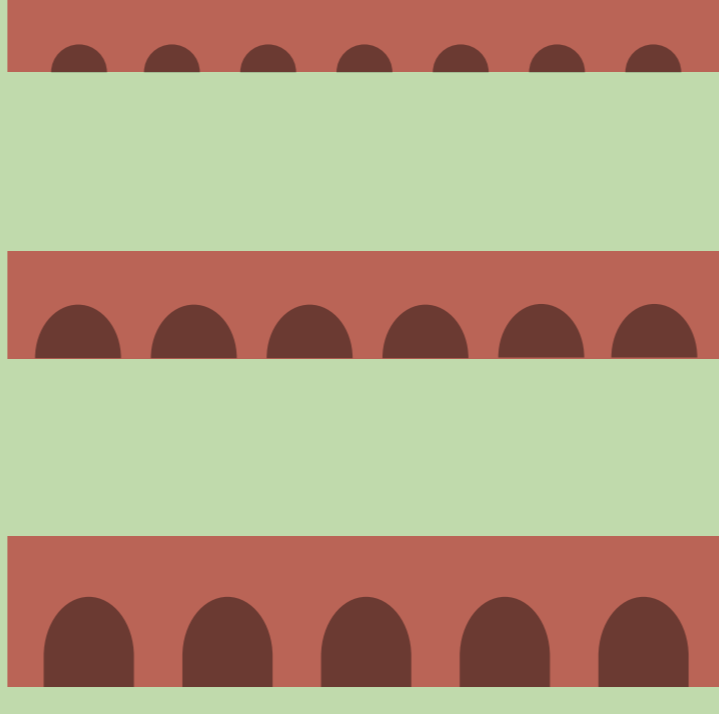

### FOR YOU BLUE

CHOOSE FROM A WIDE RANGE OF COLORS. MAKE A DESIGN THAT YOU THINK FITS PERFECTLY IN YOUR GARDEN, ON YOUR BALCONY OR ANYWHERE ELSE.

PAUL MCCARTNEY

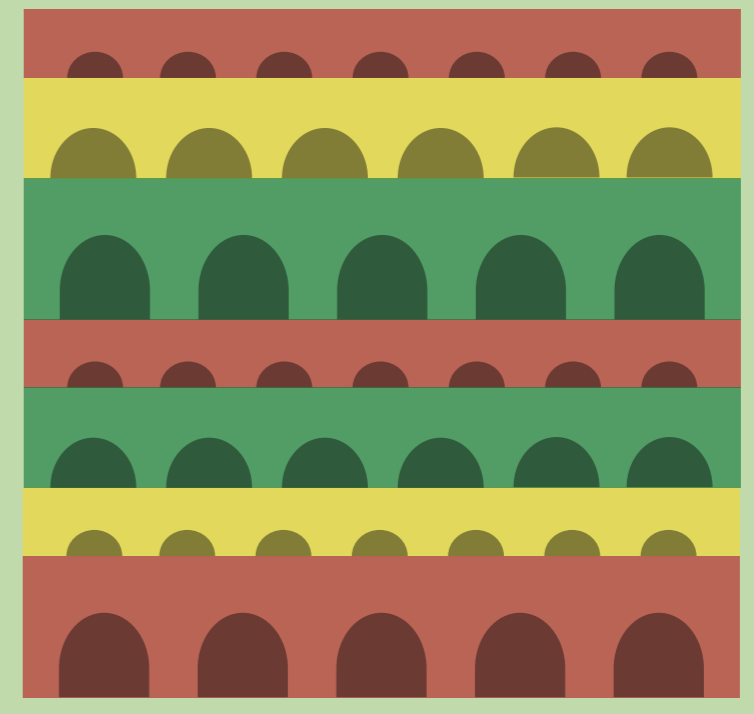

### FIXING A HOLE

CHOOSE FROM A WIDE RANGE OF DIMENSIONS. DIFFERENT SPECIES OF BEES NEED DIFFERENT SIZES OF HOLES, SO THE MORE VARIATIONS YOU MAKE, THE MORE YOU HELP THE BEES

JOHN LENNON

### ALL I'VE GOT TO DO

BY STACKING YOUR BEE TILES THE BEE HOTEL IS MADE. PLACE IT WITH THE HOLES FACING TO THE SUN, THE BEES LIKE IT THIS WAY.

JOHN LENNON

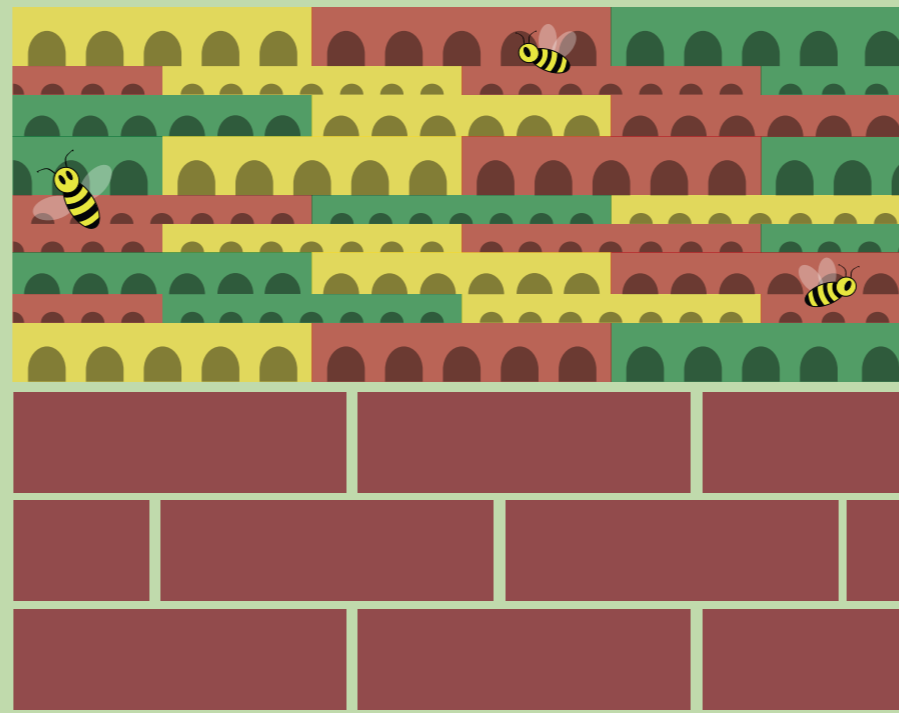

### COME TOGETHER!

FINISH YOUR BEEHOTEL WITH A BASE AND A TOP. THE BASE MAKES SURE THE BOTTOM PARTS WON'T GET WET AND THE TOP ENABLES YOU TO PLANT FLOWERS, SOMETHING BEES LOVE!!

PAUL MCCARTNEY

### ALL TOGETHER NOW

OF COURSE YOU DON'T HAVE TO LIMIT YOUR IMAGINATION! FEEL FREE TO BUILT AND DESIGN YOUR OWN CREATION. STACK THEM LIKE YOU'RE A MASON, OR THINK OF SOMETHING ELSE!

PAUL MCCARTNEY

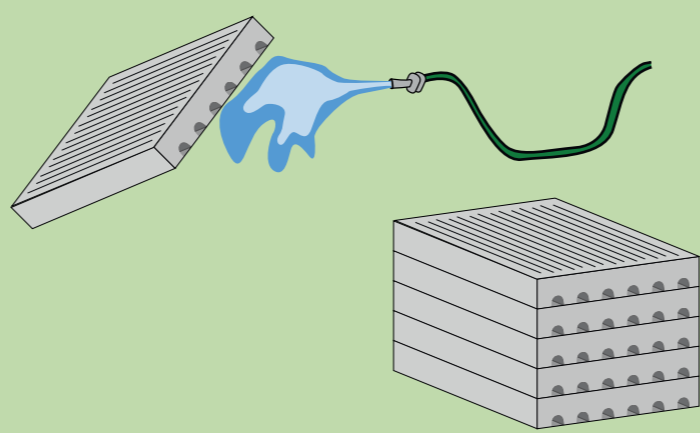

### WITH A LITTLE HELP FROM MY FRIENDS

MAKING YOUR OWN BEEHOTEL ISN'T JUST FUN. THE BEES ARE THE BACKBONE OF OUR SOCIETY. THROUGH CROSS-POLLINATION BEES ARE RESPONSIBLE FOR OUR FOOD! SO LETS GIVE THEM A NICE HOME TO LAY THEIR EGGS

JOHN LENNON

### I DON'T WANT TO SPOIL THE PARTY

BECAUSE THE TILES ARE SEPARATE ELEMENTS THEY'RE EASY TO CLEAN. CLEANING YOUR BEE HOTEL IS IMPORTANT, BECAUSE OTHERWISE PARASITES WILL TAKE OVER THE HOTEL. ONCE EVERY TWO YEARS YOU UNSTACK THEM, CLEAN THEM WITH WATER, AND YOU'RE DONE!!

JOHN LENNON

### DO YOU WANT TO KNOW A SECRET

#### INTERLOCKING SYSTEM

BECAUSE OF THE INTERLOCKING SYSTEM, THE ONLY THING NEEDED TO BUILT YOUR BEE HOTEL ARE THE BEE TILES. SO NO ADDED ELEMENTS

MAKING THE INTERLOCKING SYSTEM IS POSSIBLE BECAUSE OF THE VACUUMED POLYESTER SURFACES ATTACHED TO THE MOULD

THE TILES ARE MADE FROM RECYCLED AGGREGATES AND RECYCLED CEMENT. THEY ARE Poured IN A 'CD RACK' MOULD

VACUUMED POLYESTER
